

Charger

Charger is a non-toxic, non-flammable, non-abrasive biodegradable aqueous degreaser/cleaner for use in general maintenance and industrial cleaning applications. At a pH of 9.5, it is a mild, user friendly, cleaning product. It is free of caustic, silicates and phosphates.

Charger has been used to replace ozone depleting substances (ods) and other hazardous chemicals in various cleaning applications

Typical Applications

- Engines and machinery
- Floor scrubbing and general plant cleaning
- Parts washers, steam cleaners, dip tanks
- Manufacturing equipment
- Transport vehicles
- Hand tools
- Prior to plating, painting, welding

Make Up

10% to 100% by volume

- floors, stairs, walks, ramps
- parts washing systems
- machine oil on manufactured parts
- food preparation areas of restaurants, i.e., grills, vents, grease traps.

5% to 20% by volume

- washing transport vehicles
- degreasing with steam cleaners and pressure washers
- cleaning boats, interior/exterior
- cleaning table tops, desk and counter tops in packaging and warehouse areas.

Charger is tough on grime, but friendly to the environment.
